Pressure Switch Series YLK6710

Features

- Adjustable response time
- NPN,PNP compatible, free switching
- Button operation, shortcut button for one-click zero calibration, fast unit switching
- OLED shows the current pressure
- LED for node action, easy to observe

Specifications

Electronic pressure switch	
Type	YLK6710
Advantage	Key setting; The display is intuitive; Easy to replace
Range	-100kPa~+60MPa
Overload	150~300%FS
Accuracy	±0.2%F.S、±0.5%F.S
Power supply	12~30V,24V recommended
Display	4-bit OLED display
Out put	Two-way switch quantity, NPN, PNP compatible with 4~20mA
Load capacity	≤12V 1.2A
Power dissipation	≤15mA
Working temp	-25~+80℃
Start time	≤20ms
Insulation resistance	100MΩ/250VDC
IP rating	IP65
Media compatible	Contact liquid diaphragm 316L，Inlet joint 304
